Re: Illinois Student Online Personal Protection Act (105 ILCS 85) student data requirements for educational technology software used in Illinois schools.

Dear Ali Torres,

Illinois State University ("ISU"), a public Illinois university, is a body corporate and politic of the State of Illinois. ISU includes two laboratory schools: Thomas Metcalf School (Grades: PreK – 8) and University High School (Grades 9-12) ("University Laboratory Schools"). The University Laboratory Schools are using the software, **Plickers**, as part of instructional activities and would like to continue to do so. There is a new Illinois law, named the Student Online Personal Protection Act, 105 ILCS 85, ("SOPPA"), that establishes new student data privacy requirements for providers (or operators) of educational technology. Information and resources about SOPPA are available from multiple sources including the Illinois Student Privacy Alliance (www.sdpc.a4l.org) and the Learning Technology Center of Illinois (<https://lrcillinois.org/services/dataprivacy/>). In addition, a copy of the law can be accessed on the Illinois legislature [website](#).

The purpose of this letter is to update and modify the terms/conditions and privacy policy for the software consistent with the requirements of SOPPA and other Illinois law. The University, as a public Illinois university, is also subject to the Illinois Procurement Code requirements, which require vendors to make certain required certifications.

The revised provisions of SOPPA become effective July 1, 2021. The primary requirements for vendors/operators include:

- Prohibitions against vendor/operators to use student data to engage in targeted advertising on behalf of the vendor/operator, against amassing student data profiles for commercial purposes, selling/renting student data, or disclosing student data to third-parties for purposes unrelated to the contract.
- Vendor/operator must maintain reasonable security procedures/practices appropriate to the nature of any data retained or collected by the vendor/operator, including appropriate procedures to respond in the event of a breach of security such as a 30-day notice obligation.
- A requirement that vendor/operators comply with federal and state student privacy protections, including the Family Educational Rights and Privacy Act (20 USC 1232g) and the Illinois School Student Records Act (105 ILCS 110).
- Appropriate procedures to return or delete student data.

ISU proposes to modify the software terms and conditions (attached at Attachment 1) to include an addendum incorporating SOPPA, Illinois Procurement Code, and ISU requirements (attached at Attachment 2). SOPPA requires that public schools must make copies of written agreements with operators available on the school's websites.

If you have any questions or proposed modifications to these terms, please contact Stacy Brown, Procurement Manager for Technology and General Purchases, Illinois State University Purchasing Department at 100 South Fell Ave., Normal, Illinois 61761, by phone at 309-438-1045 or by e-mail at ISUPurchasing@ilstu.edu. If the proposed terms and conditions are acceptable, please sign the letter below and return the executed contract to ISUPurchasing@ilstu.edu.
