TIPS

- If you have questions, please e-mail clinicalquestions@ilstu.edu
- To save time, you can document all experiences at a site in one document. You would select the teacher you spent the most time with and use the date range
- Not all sites are diverse, but your experience may have been. Talk to your professor as they can override an experience to diverse.
- You can not save a blank experience and all 6 items, include the descriptor questions, must be answered before saving can occur
