COLLEGE OF EDUCATION
Illinois State University

OFFICE
of the
DEAN

Hello everyone,

The Illinois Board of Higher Education recently contacted me to solicit feedback on an education pathways project. Please see the cover email and link below. I

encourage you to provide feedback as you see fit. I will be chairing the Illinois Association of Deans of Public Colleges of Education (IADPCE) next year and Christy Borders and I also sit on the board of the Illinois Association of Colleges for Teacher Education (IACTE). So if you have thoughts you'd like to share with Christy, me, or both, please send one or both of us an email.

Sincerely,

James Wolfinger, Ph.D.

Dean

The ICCB and ISBE have developed model programs of study for pathways in several fields **including education**, information technology, health sciences and technology, and manufacturing and engineering. The pathways are inclusive of high school learning experiences, dual credit, and associate-and bachelor's degree courses. **These draft programs of study are available at the link below along with a request for feedback by August 28, 2020. This is a quick reminder to disseminate this link to faculty and other stakeholders to provide feedback via the survey linked on the website.**
